Estates and Maintenance Services

WORK BASE/LOCATION:

Harrogate District Hospital

SERVICES PROVIDED:

Harrogate Integrated Facilities (HIF) Estates Department's primary role is to manage and maintain all engineering services, including all aspects of the built environment at Harrogate and District NHS Foundation Trust (HDFT), in order to provide a safe and comfortable environment for patients and staff; and ensuring compliance with all statutory standards.

SERVICES PROVIDED:

- The department manages all planned and reactive engineering tasks associated with the various systems, such as; low voltage electricity, cold, hot and heating water, steam, ventilation, medical gas, fire, alarms and BMS, together with the maintenance and upkeep of the buildings themselves, including structure, roofs, roadways and internal/external finishes.
- Our highly skilled and experienced team provide estates and maintenance services across the Harrogate District Hospital site.

JOB ROLES:

Our roles are varied and are vital in ensuring the wards and departments are maintained to a high standard, providing an excellent environment for patients, visitors and staff.

Our team consists of:

**Estates Officers,
Electrical and Mechanical Technicians,
Building Craft Technicians,
Decorators,
Grounds Workers,
Maintenance Workers and
Maintenance Assistants**

- Shift patterns include: 7am-3pm, 8am-4pm and 10am-6pm.
- Pay bands from band 2 – band 6.
- Service provided 7 days a week.
- Uniform and protective equipment provided.
- Training development and progression opportunities.
